Oxnard, CA 93030  
Phone: 805-487-7131  
Fax: 805-487-9694

## Corrosion solutions for

## Nitric, Sulfuric, & Phosphoric Acids

**Aggressive acids** call for advanced corrosion resistant alloys (CRAs) like **Zirconium (Zr), Titanium (Ti), Nickel Alloys, & Duplex Stainless Steels** for heat exchangers, pressure vessels, columns, tanks, and piping systems.

Count on Tricor's decades of fabrication experience with these materials in Cooler Condensers, Feed-water Heaters, Tail Gas Pre-heaters, Piping Systems, Abators and other Pollution Control fabrications designed especially for the fertilizer production industry.

We're also leading distributors of Ti & Zr mill products. And we stage billets for fast track custom Ti & Zr forgings.

- Quality – ISO9001:2008 QMS, ASME VIII Div. 1 & 2, PED
- Design – Thermal and mechanical design
- Field Welding & Repair Services – Experienced, mobilized globally
- Tech Support – Free budget estimates for FEED studies, Corrosion consultation, and design engineering evaluations
